

Mission

We are a global materials company. We create value for our stakeholders by innovating and collaborating with our customers to deliver technology and solutions that are intrinsic to their success.

Vision

Trinseo will be a world leader in materials that our customers need today and tomorrow. We will deliver extraordinary value for our stakeholders. We will become a remarkable company to work for, buy from and invest in.

We will achieve this vision through:

People – Our ability to attract, develop and retain outstanding talent.

Technology – Our investments in technology and product innovations that drive our growth.

Customers – Our passion for creating value through innovation, agility and an unrelenting focus on our customers.

Core Values

Responsible Care®
As a Responsible Care® company, the health and safety of our employees and the protection of our communities are our highest priority. We strive for meeting or exceeding the highest standards of environmental and safety performance.

Respect and Integrity
We treat each other, our customers and our stakeholders with respect and dignity. We conduct all business activities with the highest ethical standards and are fully committed to comply with the law everywhere we operate.

Accountability and Value Creation
We believe that speed and agility combine with good decision-making to create value. We feel ownership and take accountability for our company’s success.

Innovation
We believe that innovation through our technology and the creativity of our people powers our success and the success of our customers.

Commitment to Customers
By collaborating with our customers, we deliver value through our technology, innovation and solutions.
